Pre-Registration Required

Programs for Patients & Caregivers and Healthcare Professionals are free of charge.

Continental Breakfast, Lunch and Snacks will be provided.

Hendrick Medical Center is an approved provider of continuing nursing education by the State of Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association (TMA) through the joint providership of Hendrick Medical Center and the COPD Foundation. Hendrick Medical Center is accredited by TMA to provide continuing medical education for physicians.

Special Needs: Patients requiring supplemental oxygen should bring enough for a 4-hour program (volunteers will be available to assist). If backup oxygen is required, patients must bring a copy of their prescription and should indicate the need during pre-registration.

For additional details and program registration go to
www.regonline.com/pepworkshopabilene or call 1-866-316-COPD (2673)
