00:19 to: *Steve Nelson*

the audio will be better when we get back to the podium.

02:12 to: *Edna Fiore 1*

I can hear Steve but evrybody else sounds scrambled

02:37 to: *Valerie Chang, Hawaii COPD Coalition*

Sorry, but if this doesn't get better, may give it up soon.

02:55 to: *Valerie Chang, Hawaii COPD Coalition*

Really hard to hear or understand anything on the web.

03:04 to: *Steve Nelson*

is the audio better now?

03:09 to: *Kip Adams*

Steve, no

03:11 to: *Chip Gatchell*

no

03:13 to: *Valerie Chang, Hawaii COPD Coalition*

There's now an echo.

03:29 to: *Eileen Lowery*

It is a bit better, but not much

03:30 to: *Valerie Chang, Hawaii COPD Coalition*

Still can't understand more than about 10% of what's said.

04:27 to: *Valerie Chang, Hawaii COPD Coalition*

Slightly, but still really hard to understand much.

04:44 to: *Chip Gatchell*

no way for 4 hours — impossible

05:04 to: *Valerie Chang, Hawaii COPD Coalition*

Picking out perhaps 10–15%—very unpleasant.

05:35 to: *Kip Adams*

Kip We should have tested before the meeting

05:47 to: *Valerie Chang, Hawaii COPD Coalition*

Is this as good as it's getting?

06:30 to: *Chip Gatchell*  
slightly better – but still very poor

The hotel did not get us access until 15 minutes before webcast. We had asked for 2 hrs early. I apologize for not being able to get a better setup, but had to work with a little adversity.

14:50 to: *bsobkow@gmail.com*  
Steve, I appreciate the limitations hotels can create!

15:37 to: *Edna Fiore 1*  
please repeat the comments —they can't be heard

16:29 to: *Steve Nelson*  
we will – as much as possible

16:53 to: *Chip Gatchell*  
Steve – mic's around the room would do it – either a bunch fixed – or hand helds to those not at podium

17:29 to: *Steve Nelson*  
We were supposed to have a direct audio input, but...

17:57 to: *Chip Gatchell*
